NEW YORK, NY – February 9, 2018 – Chilton Trust Company is proud to announce that it has been awarded “Best Investment Platform – Client Service” and “Best Family Office Service Provider” by Private Asset Management Magazine (PAM) for 2018. The awards were presented at PAM’s Awards Ceremony held in New York on February 8, 2018. The PAM Awards are designed for top investment professionals, wealth advisors, consultants and other key service providers operating within the private asset management industry, who have demonstrated excellence in their specific areas.

Chilton Trust was selected for these awards by an independent panel of industry experts who judged each of the nominees based on a variety of qualitative and quantitative criteria and performance metrics. This year’s awards continue to build on Chilton Trust’s track record of superior client services and success.

As a privately-held firm, Chilton Trust’s sole mission is to protect, carefully grow and manage their client’s wealth for generations to come. The Firm is dedicated to providing independent, unbiased solutions that are tailored to each client and delivering those solutions with the highest level of service. Chilton Trust is pleased to be acknowledged for our top-tier investment capabilities and customized wealth solutions free of conflicts.

Chilton Trust’s family office originated as a single family office for the Firm’s founder, who struggled with the lack of sophisticated and comprehensive options then-available in the industry to serve his family’s complex and varied needs. From those roots, Chilton Trust has built a multi-family office team dedicated to providing the dynamic, high-touch services required to meet the intergenerational needs of today’s ultra-high net worth family.

Chilton Trust is honored to be recognized for these services and the efforts the Firm puts forth to providing a full suite of customized services to its clients. The Firm was also honored to have been awarded “Best Private Wealth Manager – Client Service Under \$5 Billion” by PAM for 2017.
