

**Chilton Trust Wins 2017 PAM Award
For Best Private Wealth Manager – Client Service
Under \$5 Billion**

NEW YORK, NY – February 14, 2017 – Chilton Trust Company is proud to announce that it has been awarded “Best Private Wealth Manager – Client Service – under \$5 billion” by Private Asset Management Magazine (PAM) for 2017. The award was presented at PAM’s Awards Ceremony held in New York on February 13, 2016. The PAM Awards are designed for top investment professionals, wealth advisors, consultants and other key service providers operating within the private asset management industry, who have demonstrated excellence in their specific areas.

Chilton Trust was selected for this award by an independent panel of industry experts who judged each of the nominees based on a variety of qualitative and quantitative criteria and performance metrics. This year’s award continues to build on Chilton Trust’s track record of superior client services and success.

“We are honored to be recognized by our peers for our commitment to a common goal: to serve our client’s objectives and needs. We strive to deliver the type of care and attention that we would want for our own families and institutions, and consistent with that ethos, we act with the utmost integrity and with a highly involved sense of personal commitment to our clients.” Harry Grand, Head of Client Advisory of Chilton Trust Company, also added that “as a privately-held firm, Chilton Trust’s sole mission is to protect, carefully grow and manage our client’s wealth for generations to come. We are dedicated to providing independent, unbiased solutions that are tailored to each client and delivering those solutions with the highest level of service. It is rewarding – especially when clients are finding it challenging to find customized wealth solutions free of conflicts – to be acknowledged for making a difference.”

About Chilton Trust Company

Chilton Trust is a wealth management firm designed to provide the continuity, structure and acumen to protect and enhance the intergenerational wealth of select families and institutions.
